UNSW Leadership Program
What is it?

The UNSW Leadership Program is a prestigious co-curricular program that combines formal training and development workshops with a rewarding volunteering experience. The program will challenge you to grow both personally and professionally, and will help you acquire valuable skills and confidence to be more successful and attractive to employers.

The UNSW Leadership Program is a prestigious co-curricular program that combines formal training and development workshops with a rewarding volunteering experience. The program will challenge you to grow both personally and professionally, and will help you acquire valuable skills and confidence to be more successful and attractive to employers.

How does it work?

The program is open to all students of UNSW and entirely flexible: you can sign up at any stage of your degree and complete the program at your own pace and within your timeframe.

Once enrolled, you design your leadership journey: select from over 30 workshops based on your personal interests and needs. Whether it’s leading projects, managing conflict with others, understanding your unique strengths, or increasing your emotional intelligence, there is so much to learn you’ll be spoilt for choice!

The Community Engagement component is the opportunity for you to take these lessons out of the classroom and into the real world, whilst making new friends and having fun. Choose a not for profit organisation that you are passionate about, then be inspired by the difference you can make through volunteering!

This is an exciting opportunity to really expand your horizons. Enrol today at www.myrecord.unsw.edu.au and find more information at https://student.unsw.edu.au/leadership-program

The Program is also accredited under UNSW Advantage and will be recognised on your Australian Higher Education Graduate Statement on completion.
